

AUTOMATIC LABELLING MACHINE

Pk-LINE-Easy-Seal-R-V

DESCRIPTION

Pk-LINE-Easy-Seal-R-V is a high-speed automatic self-adhesive label application machine, built for industrial work cycles. It can apply a label around round products and a label as a seal between the cap and the body of the jar. High speed integrated seal labels can be applied. It uses quality brushless motors, a 7" color touch-screen control panel, 50 programs and much more, placing it at the top of quality for this category. Various accessories available such as the inkjet marker for variable data printing. Pk-LINE-Easy-R-V has an excellent quality / price ratio. Pk-LINE-Easy-Seal-R-V, fast, compact, high quality, made in Italy.

TECHNICAL CHARACTERISTICS

Product diameter	from 30 to 100 mm
Label width (height on product)	from 20 to 100 mm
Label length	from 20 to 300 mm
Label roll dimension	Int. 45-76 / ext. 250 mm
Seal label dimensions	from 30 to 100 mm
Seal label on vertical on vases	Up to 50 mm
Application accuracy	+/- 2,5 mm
Speed	Up to 30 mt/min
Application frequency (productivity)	Up to 70 pc/min. depending on label and containers dimensions
Label front/rear	No
Label with integrated seal	Yes
Command panel	Colour touch-screen 7"
Memory	50 programs
Alarm	reel end, paper breaking, external machinery control
Encoder labelling speed adjustment	Yes
Coder inkjet.	Yes, optional
Transparent label photocell	Yes, optional
Outgoing collection shelf	Yes
Power	220Vac 50/60Hz 1200 Watt
Ingoing collection shelf	Yes, optional 350x500 mm
Compressed air	No
Weight	160 Kg
Dimensions	210x85x160H. cm
